

PROPOSITION 81

This law proposed by Senate Bill 1161 (Statutes of 2004, Ch. 698) is submitted to the people in accordance with the provisions of Article XVI of the California Constitution.

This proposed law adds sections to the Education Code; therefore, new provisions proposed to be added are printed in *italic type* to indicate that they are new.

PROPOSED LAW

SECTION 1. Chapter 12.5 (commencing with Section 20020) is added to Part 11 of the Education Code, to read:

CHAPTER 12.5. CALIFORNIA READING AND LITERACY IMPROVEMENT AND PUBLIC LIBRARY CONSTRUCTION AND RENOVATION BOND ACT OF 2006

Article 1. General Provisions

20020. *This chapter shall be known and may be cited as the California Reading and Literacy Improvement and Public Library Construction and Renovation Bond Act of 2006.*

20021. *The Legislature finds and declares the following:*

(a) *Reading and literacy skills are fundamental to success in our economy and our society.*

(b) *Public libraries are a vital part of the educational system. They provide resources and services for all residents of California, including preschoolers, out-of-school adults, senior citizens, and those attending schools at all levels.*

(c) *In many cases, libraries serve as a community's only public point of access to resources for learning and by extension, self-sufficiency.*

(d) *The construction and renovation of public library facilities is necessary to expand access to reading and literacy programs in California's public education system and to expand access to public library services for all residents of California.*

(e) *The need for library facilities continues to grow. A 2003 needs assessment compiled by the State Library found that there is a need for over two billion dollars (\$2,000,000,000) in public library funding.*

(f) *In March 2000, California voters approved a bond measure of three hundred fifty million dollars (\$350,000,000) for library construction and renovation.*

(g) *Due to the overwhelming response by applicants, the California Public Library Construction and Renovation Board will ultimately be forced to deny approximately 75 percent of all applications due to lack of additional bond funding.*

20022. *As used in this chapter, the following terms have the following meanings:*

(a) *"Committee" means the California Library Construction and Renovation Finance Committee established pursuant to Section 19972 and continued in existence pursuant to Section 20040 for the purposes of this chapter.*

(b) *"Fund" means the California Public Library Construction and Renovation Fund of 2006 established pursuant to Section 20024.*

(c) *"Board" means the California Public Library Construction and Renovation Board of 2006 established pursuant to Section 20023.*

20023. (a) *The California Public Library Construction and Renovation Board of 2006 is hereby established.*

(b) *The board is comprised of the State Librarian, the Treasurer, the Director of Finance, an Assembly Member appointed by the Speaker of the Assembly, a Senator appointed by the Senate Committee on Rules, and two members appointed by the Governor.*

(c) *Legislative members of the board shall meet with, and participate in, the work of the board to the extent that their participation is not incompatible with their duties as Members of the Legislature. For the purpose of this chapter, Members of the Legislature who are members of the board constitute a joint legislative committee on the subject matter of this chapter.*

Article 2. Program Provisions

20024. *The proceeds of bonds issued and sold pursuant to this chapter shall be deposited in the California Public Library Construction and Renovation Fund of 2006, which is hereby established.*

20025. *All moneys deposited in the fund, except as provided in Section 20049.5, are continuously appropriated to the State Librarian,*

notwithstanding Section 13340 of the Government Code, and are available for grants to any city, county, city and county, or library district that is authorized at the time of the project application to own and maintain a public library facility for the purposes set forth in Section 20026.

20026. *The grant funds authorized pursuant to Section 20025, and the matching funds provided pursuant to Section 20033, shall be used by the recipient for any of the following purposes:*

(a) *Acquisition or construction of new facilities or additions to existing public library facilities.*

(b) *Acquisition of land necessary for the purposes of subdivision (a).*

(c) *Remodeling or rehabilitation of existing public library facilities or of other facilities for the purpose of their conversion to public library facilities. All remodeling and rehabilitation projects funded with grants authorized pursuant to this chapter shall include any necessary upgrading of electrical and telecommunications systems to accommodate Internet and similar computer technology.*

(d) *Procurement or installation, or both, of furnishings and equipment required to make a facility fully operable, if the procurement or installation is part of a construction or remodeling project funded pursuant to this section.*

(e) *Payment of fees charged by architects, engineers, and other professionals, whose services are required to plan or execute a project authorized pursuant to this chapter.*

(f) *Service charges where the services in question are required by the applicant jurisdiction to be provided by a public works or similar department, or by other departments providing professional services where the costs are directly billed to the project pursuant to this chapter.*

20027. (a) *An applicant for a grant for the acquisition, construction, remodeling, or rehabilitation of public library facilities under this chapter on land not currently possessed by that applicant, for a project that does not include an application for a grant to acquire that land pursuant to subdivision (b) of Section 20026, shall be deemed to comply with any administrative condition adopted pursuant to this chapter that the applicant own the land if the application is accompanied by a copy of a court order issued in an eminent domain action pursuant to Section 1255.410 of the Code of Civil Procedure that entitles the applicant to possession of the land.*

(b) *The terms "purchase of land" and "acquisition of land" as used in this chapter, or in any rule, regulation or policy adopted by the board pursuant to Section 20030, include, but are not limited to, the acquisition of land by eminent domain. For that purpose, the eligible cost of acquisition shall be the fair market value of the property as defined by Article 4 (commencing with Section 1263.310) of Chapter 9 of Title 7 of Part 3 of the Code of Civil Procedure, except that, if title to the land will not be transferred until after the application is submitted for a grant for the acquisition of the land, the eligible cost of acquisition may not exceed the appraised value of the land.*

20028. *Any grant funds authorized pursuant to Section 20025, or matching funds provided pursuant to Section 20033, may not be used by a recipient for any of the following purposes:*

(a) *Books and other library materials.*

(b) *Administrative costs of the project, including, but not limited to, the costs of any of the following:*

(1) *Preparation of the grant application.*

(2) *Procurement of matching funds.*

(3) *Conduct of an election for obtaining voter approval of the project.*

(c) *Except as set forth in this chapter, including, but not limited to, Section 20048, interest or other carrying charges for financing the project, including, but not limited to, costs of loans or lease-purchase agreements in excess of the direct costs of any of the authorized purposes specified in Section 20026.*

(d) *Any ongoing operating expenses for the facility, its personnel, supplies or any other library operations.*

20029. *All construction contracts for projects funded in part through grants awarded pursuant to this chapter shall be awarded through competitive bidding pursuant to Part 3 (commencing with Section 20100) of Division 2 of the Public Contract Code.*

20030. *This chapter shall be administered by the State*

Librarian. The board shall adopt rules, regulations, and policies for the implementation of this chapter.

20031. A city, county, city and county, or library district may apply to the State Librarian for a grant pursuant to this chapter as follows:

(a) Each application shall be for a project for a purpose authorized by Section 20026.

(b) An application may not be submitted for a project for which construction bids already have been advertised.

(c) The applicant shall request not less than fifty thousand dollars (\$50,000) per project.

20032. In making the awards, the board shall consider applications for construction or rehabilitation of public library facilities submitted pursuant to Section 20031 and the funding shall be allocated in the following manner:

(a) First priority shall be given to applications deemed eligible by the State Librarian, that were submitted but not funded in the third application cycle of the California Reading and Literacy Improvement and Public Library Construction and Renovation Bond Act of 2000. Amounts awarded by the board for these applications may not exceed 50 percent of the total amount authorized pursuant to Section 20038.

(b) Until regulations are adopted pursuant to Section 20030, regulations adopted pursuant to the California Reading and Literacy Improvement and Public Library Construction and Renovation Bond Act of 2000 (Chapter 12 (commencing with Section 19985)) govern the administration of this chapter.

(c) Funds not awarded for the third application cycle pursuant to the California Reading and Literacy Improvement and Public Library Construction and Renovation Bond Act of 2000 shall be awarded on a competitive basis pursuant to this chapter.

(d) (1) Except as set forth in paragraph (2), an amount of at least twenty-five million dollars (\$25,000,000) shall be made available for joint-use projects that meet all of the following requirements:

(A) The joint-use project is with one or more public education institutions. For the purpose of this section, "public education institution" means any of the following:

(i) A school district maintaining any combination of educational settings from kindergarten to grade 12, inclusive.

(ii) A county office of education.

(iii) A community college district.

(iv) A campus of the California State University.

(v) A campus of the University of California.

(B) The public education institution or institutions participating as a joint-use partner or partners provide at least 50 percent of the 35 percent local matching funds required pursuant to subdivision (a) of Section 20033.

(C) Consideration may be given to a proposed joint-use project to be located in a low-income area.

(D) Consideration may be given to a proposed joint-use project to be located in an area in which public schools have low scores on the Academic Performance Index.

(2) If, by March 2, 2010, the total dollar amount of all approved applications for joint-use projects pursuant to this section exceeds the total dollar amount made available for joint-use projects pursuant to paragraph (1), joint-use projects may also be funded from any other funds available to the board under this chapter.

(3) If, by March 2, 2010, the total dollar amount of all approved applications for joint-use projects pursuant to this section is less than the total dollar amount made available for joint-use projects pursuant to paragraph (1), any remaining funds under paragraph (1) shall be made available for any other grants under this chapter awarded on a competitive basis in the same manner as set forth in subdivision (c).

20033. (a) Each grant recipient shall provide matching funds from any available source in an amount equal to 35 percent of the costs of the project. The remaining 65 percent of the costs of the project, up to a maximum of twenty million dollars (\$20,000,000) per project, shall be provided through allocations from the fund.

(b) Qualifying matching funds shall be cash expenditures in the categories specified in Section 20026 which are made not earlier than five years prior to the submission of the application to the State Librarian.

Except as otherwise provided in subdivision (c), in-kind expenditures do not qualify as matching funds.

(c) Land donated or otherwise acquired for use as a site for the facility, including, but not limited to, land purchased more than five years prior to the submission of the application to the State Librarian, may count towards the required 35 percent local fund contribution at its appraised value as of the date of the application. This subdivision does not apply to land acquired with funds authorized pursuant to Part 68 (commencing with Section 100400), Part 68.1 (commencing with Section 100600), or Part 68.2 (commencing with Section 100800) if approved by the voters.

(d) Expenditures for payment of architect fees for plans and drawings for library renovation and new construction, including, but not limited to, plans and drawings purchased more than five years prior to the submission of the application to the State Librarian, may count towards the required 35 percent local funds contribution.

20034. (a) The estimated costs of a project for which an application is submitted shall be consistent with normal public construction costs in the geographic area of the applicant.

(b) An applicant wishing to construct a project having costs that exceed normal public construction costs in the area may apply for a grant in an amount not to exceed 65 percent of the normal costs up to a maximum of twenty million dollars (\$20,000,000) per project if the applicant certifies that it is capable of financing the remainder of the project costs from other sources.

20035. After an application has been approved by the board and included in the request of the State Librarian to the committee, the amount of the funding to be provided to the applicant may not be increased. Any actual changes in project costs are the responsibility of the applicant. If the amount of funding that is provided is greater than the cost of the project, the applicant shall return that amount of funding that exceeds the cost of the project to the fund. If an applicant has been awarded funding by the board, but decides not to proceed with the project, the applicant shall return all of the funding to the fund.

20036. (a) In reviewing applications, as part of establishing the priorities set forth in Section 20032, the board shall consider all of the following factors:

(1) The needs of urban, suburban, and rural areas.

(2) The age and condition of existing library facilities within an area.

(3) The degree to which existing library facilities are inadequate in meeting the needs of the residents in the library service area.

(4) The degree to which the proposed project responds to the needs of the residents in the library service area.

(5) The degree to which the library integrates appropriate electronic technologies into the proposed project.

(6) The degree to which the proposed site is appropriate for the proposed project and its intended use.

(7) The financial commitment of the local agency submitting the application to open, operate, and maintain the proposed library project upon its completion.

(b) If, after an application has been submitted, material changes occur that would alter the evaluation of an application, the State Librarian may accept an additional written statement from the applicant for consideration by the board.

20037. (a) A facility, or any part thereof, acquired, constructed, remodeled, or rehabilitated with grants received pursuant to this chapter shall be dedicated to public library direct service use for a period of at least 20 years following completion of the project.

(b) Any financial interest that the state may have in the land or facility, or both, resulting from the funding of a project under this chapter, as described in subdivision (a), may be transferred by the State Librarian through an exchange for a replacement site and facility acquired or constructed for the purpose of providing public library direct service.

(c) If the facility, or any part thereof, acquired, constructed, remodeled, or rehabilitated with grants received pursuant to this chapter ceases to be used for public library direct service prior to the expiration of the period specified in subdivision (a), the board shall be entitled to recover from the grant recipient, or the successor of the recipient, an amount that bears the same ratio to the value of the facility, or appropriate part thereof, at the time it ceased to be used for public library direct service,

as the amount of the original grant bore to the original cost of the facility, or appropriate part thereof. For purposes of this subdivision, the value of the facility, or appropriate part thereof, shall be determined by the mutual agreement of the board and the grant recipient or successor, or through an action brought for that purpose in the superior court.

(d) Notwithstanding subdivision (f) of Section 16724 of the Government Code, any money recovered pursuant to subdivision (c) shall be deposited in the fund, and shall be available for the purpose of awarding grants for other projects.

Article 3. Fiscal Provisions

20038. Bonds in the total amount not to exceed a total of six hundred million dollars (\$600,000,000), exclusive of refunding bonds issued in accordance with Section 20046, or so much thereof as is necessary, may be issued and sold for deposit in the fund to be used in accordance with, and for carrying out the purposes expressed in, this chapter, including all acts amendatory thereof and supplementary thereto, and to be used to reimburse the General Obligation Bond Expense Revolving Fund pursuant to Section 16724.5 of the Government Code. The bonds, when sold, shall be and constitute a valid and binding obligation of the State of California, and the full faith and credit of the State of California is hereby pledged for the punctual payment of both principal and interest on bonds as the principal and interest become due and payable.

20039. The bonds authorized by this chapter shall be prepared, executed, issued, sold, paid, and redeemed as provided in the State General Obligation Bond Law (Chapter 4 (commencing with Section 16720) of Part 3 of Division 4 of Title 2 of the Government Code), and all of the provisions of that law apply to the bonds and to this chapter and are hereby incorporated in this chapter as though set forth in full in this chapter, except Section 16727 of the Government Code to the extent that it may be inconsistent with this chapter.

20040. (a) For purposes of this chapter, the California Library Construction and Renovation Finance Committee established pursuant to Section 19972 is continued in existence and is the "committee" as that term is used in the State General Obligation Bond Law for the purpose of this chapter.

(b) For purposes of the State General Obligation Bond Law, the California Public Library Construction and Renovation Board of 2006 established pursuant to Section 20023 is designated the board.

20041. The committee shall determine whether or not it is necessary or desirable to issue bonds authorized pursuant to this chapter in order to carry out the actions specified in this chapter, including all acts amendatory thereof and supplementary thereto, and, if so, the amount of bonds to be issued and sold. Successive issues of bonds may be authorized and sold to carry out those actions progressively, and it is not necessary that all of the bonds authorized to be issued be sold at any one time.

20042. There shall be collected each year and in the same manner and at the same time as other state revenue is collected, in addition to the ordinary revenues of the state, a sum in an amount required to pay the principal of, and interest on, the bonds each year. It is the duty of all officers charged by law with any duty in regard to the collection of the revenue to do and perform each and every act that is necessary to collect that additional sum.

20043. Notwithstanding Section 13340 of the Government Code, there is hereby appropriated from the General Fund in the State Treasury, for the purposes of this chapter, an amount that will equal the total of the following:

(a) The sum annually necessary to pay the principal of, and interest on, bonds issued and sold pursuant to this chapter, as the principal and interest become due and payable.

(b) The sum necessary to carry out Section 20044, appropriated without regard to fiscal years.

20044. For the purposes of carrying out this chapter, the Director of Finance may authorize the withdrawal from the General Fund of an amount or amounts not to exceed the amount of the unsold bonds that have been authorized to be sold for the purpose of carrying out this chapter. Any amounts withdrawn shall be deposited in the fund. Any money made available under this section shall be returned to the General Fund, with interest at the rate earned by the money in the Pooled Money Investment Account during the time the money was withdrawn from the General Fund pursuant to this section, from money received from the sale of bonds for the purpose of carrying out this chapter.

20045. The board may request the Pooled Money Investment Board to make a loan from the Pooled Money Investment Account or any other approved form of interim financing, in accordance with Section 16312 of the Government Code, for the purposes of carrying out this chapter. The amount of the request may not exceed the amount of the unsold bonds that the committee has, by resolution, authorized to be sold for the purpose of carrying out this chapter. The board shall execute any documents required by the Pooled Money Investment Board to obtain and repay the loan. Any amounts loaned shall be deposited in the fund to be allocated by the board in accordance with this chapter.

20046. Any bonds issued and sold pursuant to this chapter may be refunded by the issuance of refunding bonds in accordance with Article 6 (commencing with Section 16780) of Chapter 4 of Part 3 of Division 2 of Title 2 of the Government Code. Approval by the electors of the state for the issuance of bonds under this chapter shall include the approval of the issuance of any bonds issued to refund any bonds originally issued or any previously issued refunding bonds.

20047. Notwithstanding any other provision of this chapter, or of the State General Obligation Bond Law, if the Treasurer sells bonds pursuant to this chapter that include a bond counsel opinion to the effect that the interest on the bonds is excluded from gross income for federal tax purposes, subject to designated conditions, the Treasurer may maintain separate accounts for the investment of bond proceeds and for the investment earnings on those proceeds. The Treasurer may use or direct the use of those proceeds or earnings to pay any rebate, penalty, or other payment required under federal law or take any other action with respect to the investment and use of those bond proceeds required or desirable under federal law to maintain the tax-exempt status of those bonds and to obtain any other advantage under federal law on behalf of the funds of this state.

20048. All money deposited in the fund that is derived from premium and accrued interest on bonds sold pursuant to this chapter shall be reserved in the fund and shall be available for transfer to the General Fund as a credit to expenditures for bond interest.

20049. The Legislature hereby finds and declares that, inasmuch as the proceeds from the sale of bonds authorized by this chapter are not "proceeds of taxes" as that term is used in Article XIII B of the California Constitution, the disbursement of these proceeds is not subject to the limitations imposed by that article.

20049.5. Amounts deposited in the fund pursuant to this chapter may be appropriated in the annual Budget Act to the State Librarian for the actual amount of office, personnel, and other customary and usual expenses incurred in the direct administration of grant projects pursuant to this chapter, including, but not limited to, expenses incurred by the State Librarian in providing technical assistance to an applicant for a grant under this chapter.

PROPOSITION 82

Section 1. Title.

This measure shall be known and may be cited as the “Preschool for All Act.”

Section 2. Findings and Declarations.

The people of California find and declare the following:

1. A child’s participation in a quality preschool education program plays a critical role in his or her educational development and success in school. Research studies show that children who participate in quality preschool programs are the most likely to become proficient readers by third grade, graduate from high school, and go on to college. Children who do not attend quality preschool are more likely to fall behind their peers in the early grades and are less likely to do well throughout their school careers.

2. Research shows that quality preschool education strengthens the K–12 public schools by helping children become better readers by third grade; reducing the need for special education and grade retention; and increasing high school graduation rates and college attendance. Lack of access for parents to quality, voluntary preschool education opportunities for their children is having a damaging impact on the state’s K–12 public schools.

3. There is a severe shortage of quality, affordable preschool education opportunities for California’s children, and California lags behind the nation in preschool enrollment. Three out of four statewide, publicly funded preschool programs have children waiting in line to get in. Middle class families often earn too much for public programs but too little to pay for private preschool. Some do not qualify for publicly funded programs, but cannot afford to pay the cost of private preschool, which often costs more than annual tuition to the state university system.

4. Recent studies have concluded that smart investments in quality preschool for all save taxpayers \$2.62 for every dollar invested by improving the K–12 public schools, reducing crime and welfare dependence, and substantially increasing the lifetime earnings of children who get a strong start in school.

5. Public safety officials support preschool for all because studies show that quality preschool education early in a child’s life reduces the likelihood of dropping out of school, engaging in criminal activity later in a child’s life, or going to jail later in a child’s life.

6. Scientific knowledge about how children’s brains develop confirms the importance of participation in quality preschool programs. Ninety percent of brain growth occurs before age five, before most children enroll in kindergarten.

7. Quality preschool education provides a crucial opportunity to engage parents in the education of their children, and to create a habit of parental involvement that will last throughout a child’s academic career. Quality preschools give parents the tools and support they need to get more involved in their child’s early education.

8. Research shows that early education and intervention for children with special needs in preschool reduces the need for costly special education services in later years.

9. Quality preschool education helps English-language learners develop their English language skills and meet school readiness goals.

10. Research shows that highly qualified preschool teachers improve the school-readiness of preschool children. All California children deserve quality preschool programs taught by well-trained teachers using age-appropriate curriculum. Currently, there is a severe shortage of teachers prepared to provide high-quality instruction to California’s diverse preschool population. Raising professional qualifications for preschool teachers and instructional aides requires that teachers and instructional aides be provided the time and support necessary to meet these higher standards and that California’s postsecondary institutions put in place the early learning programs needed to prepare the next generation of preschool teachers and instructional aides.

11. Taxpayers deserve a preschool-for-all program that is educationally and fiscally accountable to the public, with funds dedicated solely to providing quality preschool opportunities, and that includes a cap on administrative spending and criminal penalties for misuse of funds.

Section 3. Purpose and Intent.

In order to take full advantage of the opportunity presented by children’s early brain development; to ensure that all children have the skills they will need to master reading and to succeed in school and in life; to improve the performance of our K–12 public schools by providing all children the opportunity for a strong start in school; to reap proven economic returns on a strategic investment in quality preschool programs; to prepare our children for a new century and a new economy; and to address what is now a preschool education crisis in California, in which middle class families often cannot afford to pay for quality preschool education that would put their children on the path to success, the people of California do hereby enact the Preschool for All Act. The Act is intended to:

1. Provide a system of voluntary preschool for all children one year before kindergarten that is high quality, available to all regardless of ability to pay, and that is managed in a non-bureaucratic and fiscally responsible way;

2. Ensure that all eligible children have equal access to a quality preschool education that meets age and developmentally appropriate statewide preschool standards and guidelines;

3. Ensure that children have access to a variety of preschool programs, including programs offered by school districts, colleges, universities and community colleges, classroom-based charter schools that offer at least kindergarten through third grade, and other licensed preschool providers, including centers and family child care programs, provided that the programs comply with this Act;

4. Create an accountable program, built upon the existing preschool system, that is administered by the state Superintendent of Public Instruction and county superintendents of schools, or alternative local administrators, to meet local needs while satisfying all the requirements of this Act;

5. Raise professional qualifications for preschool teachers to increase the supply of qualified teachers, and provide the time and support necessary to meet these higher standards;

6. Require that teachers and instructional aides who participate in the program are well trained and fairly compensated;

7. Ensure that there will be adequate facilities and providers to serve enrolled children and to build capacity for eligible children;

8. Provide a dependable funding stream that will be adequate to provide a quality preschool education experience for California children in the year before they enter kindergarten;

9. Fully fund the Preschool for All program so that General Fund revenues are not required to sustain this program, and prohibit any infringement upon state or local education funds; and

10. Require regular, independent, fiscal and program audits and evaluations to ensure that the programs meet the goals of this Act, that the funds reserved to pay for preschool for all are strictly controlled and accounted for, that dollars spent for administration are strictly limited, and that the public is kept adequately informed about program quality and fiscal accountability.

Section 4. Section 4 is added to Article IX of the Constitution of the State of California, to read:

Sec. 4. (a) The State shall provide a program of voluntary preschool education for all children one year prior to kindergarten pursuant to the Preschool for All Act. A preschool-age child, as provided in the Preschool for All Act, shall have the same equal protection rights enjoyed by elementary school children under Section 7 of Article I and under the United States Constitution, and any equal protection rights as may in the future apply to elementary school children shall apply to preschool-age children as well, except as expressly provided in the Preschool for All Act.

(b) Notwithstanding any other provision of this Constitution, county superintendents of schools, alternative local administrators, and the Superintendent of Public Instruction shall have the authority, as set forth in the Preschool for All Act, to administer Preschool for All programs, including the allocation of funds as prescribed by the Preschool for All Act, and to select and approve preschool program providers who meet the eligibility requirements prescribed by the Preschool for All Act.

(c) For the purposes of the Preschool for All Act, Preschool for All program providers shall be subject to the control and supervision of the Superintendent of Public Instruction and the county superintendent of schools in the county in which the program is located, as provided in the Preschool for All Act.

(d)(1) All revenues produced by the tax imposed by the Preschool for All Act shall be placed in the Preschool for All Fund, which is hereby created in the State Treasury to be held in trust for the purpose of providing preschool pursuant to the Preschool for All Act and which is continuously appropriated, without regard to fiscal year, for that purpose alone.

(2) The moneys in the Preschool for All Fund and any other fund created pursuant to the Preschool for All Act may not be used for any purpose or program other than the purposes or programs authorized by the Preschool for All Act, and may not be loaned to the state General Fund, or to any other fund of the State, or to any fund of a county, or any other entity, or borrowed by the Legislature, or any other state or local agency, for any purpose other than the purposes authorized by the Preschool for All Act.

(e) Notwithstanding any other provision of this Constitution, revenues generated by the tax imposed by the Preschool for All Act shall not be deemed to be “revenues” or “taxes” for purposes of computing any state expenditure or appropriation limit that is enacted after January 1, 2005, nor shall their expenditure or appropriation be subject to any reduction or limitation imposed pursuant to any provision enacted after that date.

Section 5. Section 14 is added to Article XIII B of the California Constitution, to read:

SEC. 14. (a) For purposes of this article, “appropriations subject to limitation” of each entity of government shall not include appropriations of revenue from the Preschool for All Fund created by the Preschool for All Act.

(b) For purposes of this article, “proceeds of taxes” shall not include the revenues derived from the taxes imposed by the Preschool for All Act.

(c) No adjustment in the appropriations limit of any entity of government shall be required pursuant to Section 3 as a result of revenue being deposited in or appropriated from the Preschool for All Fund.

Section 6. Section 8.3 is added to Article XVI of the California Constitution, to read:

SEC. 8.3. (a) Neither funds appropriated pursuant to subdivision (d) of Section 4 of Article IX nor funds appropriated from any other source for the purpose of the Preschool for All Act shall be deemed to be part of “total allocations to school districts and community college districts from General Fund proceeds of taxes appropriated pursuant to Article XIII B” as that phrase is used in paragraphs (2) and (3) of subdivision (b) of Section 8.

(b) Revenues derived from taxes imposed pursuant to the Preschool for All Act shall not be deemed to be “General Fund revenues which may be appropriated pursuant to Article XIII B” as that phrase is used in paragraph (1) of subdivision (b) of Section 8 nor shall they be considered in the determination of “per capita General Fund Revenues” as that phrase is used in Section 8.

(c) Revenues derived from taxes imposed pursuant to the Preschool for All Act shall not be deemed to be General Fund revenues for the purposes of any other provision that sets a minimum level of funding for educational purposes and that is enacted after January 1, 2005.

Section 7. Chapter 1.5 (commencing with Section 14110) is added to Part 9 of Division 1 of Title 1 of the Education Code, to read:

CHAPTER 1.5. PRESCHOOL FOR ALL

Article 1. General Provisions

14110. (a) This chapter implements the requirement of preschool for all established by Section 4 of Article IX of the California Constitution. As used throughout this chapter, “this Act” refers to the Preschool for All Act.

(b) Four years after the effective date of this Act, every preschool-age child, regardless of income, shall have access for one year to a Preschool for All program that meets the requirements of this Act. A “preschool-age child” for purposes of this Act shall mean a child born on or after the effective date of this Act who is one year prior to the date that child enters kindergarten.

(c) A Preschool for All program shall be free, except as provided in subdivision (d) of Section 14132, and voluntary for preschool-age children and shall include, at a minimum, all of the following:

(1) A three-hour per day instructional program offered for 180 days per year;

(2) A curriculum that is age and developmentally appropriate, based on statewide preschool learning standards, guidelines, and appropriate instructional practices adopted by the Superintendent of Public Instruction, and aligned with statewide academic standards for elementary education; and

(3) Classes of no more than 20 children with at least one teacher and at least one instructional aide for programs whose teachers and instructional aides have met the educational requirements of subdivisions (a) and (b) of Section 14111. Article 2. Instructional Staff

14111. (a) By July 1, 2014, all Preschool for All teachers in programs that are selected and approved to become Preschool for All providers pursuant to Sections 14118 and 14135 shall have a baccalaureate degree and shall have completed at least 24 units in early learning, and all instructional aides in such programs shall have completed at least 48 units of college-level work, including 24 units in early learning.

(b) By July 1, 2016, all Preschool for All teachers in programs that are selected and approved to become Preschool for All providers pursuant to Sections 14118 and 14135 shall have a baccalaureate degree and an early learning credential, as provided in Section 14112, or a multiple subject credential in the case of a person who received the credential prior to July 1, 2010, and who has 24 units in early learning.

(c) Prior to July 1, 2014, teachers in Preschool for All programs shall, at a minimum, meet the educational requirements of Title 5, Division 8, Chapter 1, Article 5, Section 80112 of the California Code of Regulations, in effect as of January 1, 2005, and instructional aides in Preschool for All programs shall, at minimum, meet the requirements of Title 5 of the California Code of Regulations, in effect as of January 1, 2005.

14112. By July 1, 2008, the Superintendent of Public Instruction, in collaboration with California public colleges and universities, including community colleges, shall develop an early learning credential consistent with the requirements of subdivisions (a) and (b) of Section 14111 and shall submit the credential to the Commission on Teacher Credentialing for approval and implementation. The Commission on Teacher Credentialing may also recognize other early learning credentials that are consistent with the requirements of subdivisions (a) and (b) of Section 14111.

14113. (a)(1) By January 1, 2008, the Superintendent of Public Instruction, in collaboration with California public college and university systems, including the community college system, and with private colleges and universities, shall establish a workforce development plan based on the county superintendents of schools’ assessment of the need for teachers and instructional aides for Preschool for All programs.

(2) Pursuant to this plan, California public college and university systems, including the community college system, may apply to the Superintendent of Public Instruction for funding from the Preschool for All Fund to develop, in consultation with other systems and in a manner that promotes articulation, college-level courses and degree programs in early learning, and to provide these courses and degree programs. Use of Preschool for All funds for these programs shall be limited to 10 years and shall not exceed a total cost of five hundred million dollars (\$500,000,000) over the 10-year period. California public college and university systems, including the community college system, may redirect funding within their budgets to provide these courses and degree programs, provided, however, that the state shall not be obligated to provide additional funding for these purposes during the 10-year period. In order to avoid any need for the appropriation of General Fund revenues for this purpose after the 10-year period, the Superintendent of Public Instruction may allocate additional funds from the Preschool for All Fund or the Preschool for All Reserve Fund after the 10-year period only if California public college and university systems, including the community college system, incur costs above the costs they would ordinarily incur to meet the regular and ongoing needs of California’s students as a direct result of the Preschool for All Act.

(b) By July 1, 2007, the California Student Aid Commission, in consultation with the Superintendent of Public Instruction, shall establish a program for financial aid and other support for full-time or part-time students to ensure that a qualified teaching and instructional aide staff becomes available in accordance with the timetable established by this Act. Use of Preschool for All funds for this program shall be limited to 10 years and shall not exceed a total cost of two hundred million dollars (\$200,000,000) over the 10-year period. The financial aid and other support provided pursuant to this program shall be all of the following:

(1) Available, as a matter of preference, to students with the greatest financial need;

(2) Limited to students who commit to work in Preschool for All programs for a period of time commensurate with the total amount of state assistance they have received; and

(3) Available, as a matter of preference, to students who commit to work in geographical areas with the greatest need for Preschool for All teachers and instructional aides, and to students who have a demonstrated history of working in early learning programs.

14114. (a) Teachers and instructional aides in Preschool for All programs shall be paid increasing levels of compensation as they approach the standards established by Section 14111 and, after meeting those standards, they shall be compensated as set forth in each county's plan pursuant to paragraph (13) of subdivision (b) of Section 14120.

(b) Preschool for All teachers who are employed to teach two Preschool for All sessions per day and Preschool for All instructional aides who are employed to work two Preschool for All sessions per day shall be considered full-time Preschool for All program employees for the purposes of the compensation, including pay and benefits, that they receive from Preschool for All funds.

14115. (a) In order to provide representation and collective bargaining rights for employees of Preschool for All provider employers, including public schools, charter schools, and other licensed preschool providers, and to establish uniform rights for employees and obligations of Preschool for All provider employers, it is the intent of this Act to establish uniform requirements and standards based on state and county funding, controls, accountability, and sanctions for all Preschool for All provider employers. Such state and county involvement and control includes but is not limited to the following: funding, governance, accountability, monitoring, reporting, program evaluation, teacher credentialing, teacher compensation, coordination with public local elementary schools and districts, sanctions, and removal of Preschool for All program providers.

(b) For the purposes of establishing union representation procedures and collective bargaining for employees of Preschool for All program providers, the Preschool for All program provider employer as a condition of receiving funding and pursuant to the terms of the agreement with the county superintendent of schools, the Superintendent of Public Instruction, or alternative local administrator as to conditions, controls and supervision of the Preschool for All Program, shall, in accordance with Section 14118, be considered a Preschool for All program employer as defined in subdivision (n) of Section 3540.1 of the Government Code, and Chapter 10.7 (commencing with Section 3540) of Division 4 of Title 1 of the Government Code shall apply to such employer.

(c) With respect to Preschool for All program employers that are not school districts or county offices of education, the scope of representation, as defined in Section 3543.2 of the Government Code, shall also include the discipline and dismissal of employees.

The Superintendent of Public Instruction shall consult with the county superintendents of schools prior to determining how to allocate administrative expenditures within the administrative cap established by Section 14130.

(b) In addition to the administrative responsibilities set forth in subdivision (a) of this section, the Superintendent of Public Instruction shall be responsible for targeted outreach to local communities, if he or she determines that such outreach, in addition to the outreach conducted pursuant to a county plan, is necessary to inform parents of preschool-age children within the county, especially parents in underserved communities, about the importance and availability of preschool, and about the process

(c) The Superintendent of Public Instruction shall be responsible for the following:

(1) Evaluating the statewide need for Preschool for All facilities;

(2) Reviewing and evaluating the counties' facility plans and reserves;

(4) Encourage and permit existing child care funds and other non-Preschool for All public funding streams to be used in coordination with Preschool for All funds to enhance the quality of, and to support, full-day programs for families who need it, provided that Preschool for All funds shall only be used for the Preschool for All portion of the day and not for full-day care;

(5) Establish a uniform statewide per-child allocation rate pursuant to Section 14134;

(6) Establish guidelines for submission of county plans pursuant to Article 4 (commencing with Section 14120), including the elements and format of the plan, and the criteria that the Superintendent of Public Instruction will apply to review and approve county plans submitted pursuant to Section 14121;

(9) Govern the county superintendents of schools' collection and monitoring of uniform longitudinal data on Preschool for All enrollment, components and quality, costs and results;

(10) Limit the expulsion of children from Preschool for All programs; and

14118. (a)(1) Each county superintendent of schools shall be responsible for planning, implementing, and monitoring a program that is designed to guarantee each eligible child who resides in that county a place in a quality Preschool for All program.

(2) A "quality Preschool for All program" shall mean a program that meets the requirements set forth in subdivision (e).

(b) Each county superintendent of schools shall administer Preschool for All programs that meet the requirements of this chapter. In addition, upon certification of the county plan by the Superintendent

of Public Instruction pursuant to Section 14121 and consistent with the county's plan, county superintendents of schools may operate Preschool for All programs and shall select and approve preschool program providers to provide preschool in the county pursuant to this chapter.

(c) Preschool for All program providers shall be selected from among any or all qualified program providers, including school districts, colleges, universities and community colleges, classroom-based charter schools that offer at least kindergarten through third grade, and other licensed preschool providers, including centers and family child care programs, provided that the preschool program provider complies with subdivision (e).

(d) County superintendents of schools shall ensure priority to programs with teachers and instructional aides with the highest qualifications and with consideration of the local priorities as defined in each county's plan, including programs that:

(3) In order to avoid duplication of effort, the entity may coordinate its administration of the county program with the county superintendent of schools.

(4) In the event that the entity elects not to submit the plan on behalf of the county, the county superintendent of schools shall submit the county's plan and shall administer the county's Preschool for All program.

(b) An entity that is authorized to administer a county Preschool for All program pursuant to this section or pursuant to Section 14123 shall be known as an "alternative local administrator." When the term "county superintendent of schools" is used in this Act, the term includes an alternative local administrator.

Article 4. Planning

14120. (a)(1) By July 1, 2007, each county superintendent of schools shall prepare and submit a five-year community assessment and plan to the Superintendent of Public Instruction for review and approval pursuant to Section 14121.

(2) Guarantee quality, access, and fiscal accountability, pursuant to this chapter, of Preschool for All programs administered by the county superintendent of schools;

(3) Guarantee that, by September of 2010, all children within the county will have equal access to quality preschool programs;

(4) Guarantee that, by September of 2010, each eligible child shall have a specific space in a Preschool for All program while at the same time permitting parental choice among other Preschool for All programs to the maximum extent reasonable;

(5) Ensure that each eligible child has access to a program within, at most, the same distance of his or her home as the maximum distance between the home of a kindergarten child in the elementary school district in which the eligible child lives and the nearest public kindergarten;

(6) Ensure appropriate outreach to all communities in the county to inform parents of preschool-age children, especially parents in underserved communities, about the importance and availability of preschool, and about the process for enrolling their children;

(7) Recognize the central role parents must play in their children's education and encourage parental involvement by providing multiple roles for parents and by helping parents understand how they can assist in the education of their children from preschool to grade 12;

(8) Ensure that Preschool for All programs are coordinated and combined with existing child care programs and other non-Preschool for All funded programs to maximize the extent to which the needs of families of preschool-age children, including the need for full-day child care consistent with the hours that adult family members work, are met, provided that Preschool for All funds shall only be used for the Preschool for All portion of the day and not for full-day care;

(9) Ensure that children with exceptional needs are identified and that their parents are provided with an opportunity for a developmental assessment of, and associated services for, their child, provided, however, that Preschool for All funds shall not be used to supplant state or federal funding for children with exceptional needs;

(10) Include a five-year estimate and projection of the preschool-age population down to the smallest demographic unit for which data is available and that projects over five years the percentage of children the county expects to serve;

(11)(A) Ensure that, during the first 10 years after the effective date of this Act, the county develops and implements a plan to construct, purchase or renovate facilities to serve enrolled children and to build capacity for eligible children, and that, as part of that plan, the county sets aside in a reserve account funds to facilitate implementation of that plan, subject to the following:

(i) Only public entities may use funds from the Preschool for All Fund for the purchase, construction, or renovation of facilities, except as permitted in clause (ii). Title to any facilities constructed, purchased or renovated with such funds shall remain in the public sector to the same extent as required for public school facilities, and the facilities shall be dedicated to Preschool for All program use for as long as there is a need.

(ii) Preschool for All program providers, including providers that are not public entities, may use Preschool for All funds to engage in modest renovations of existing facilities, especially to ensure access to children who reside within the attendance boundary of elementary schools whose most recent California Academic Performance Index statewide rankings were in deciles one through three, inclusive, subject to the county superintendent of schools granting an application for funding for that purpose.

(B) The determination of the county superintendent of schools regarding the amount of funds required for the construction, purchase, and renovation of facilities shall be based on all of the following:

(i) An inventory of potentially available school space and licensed preschool or child care facilities, or both, within the county.

(ii) An analysis of the most cost-efficient manner of providing facilities, including use of existing appropriate public facilities wherever possible.

(iii) A five-year estimate and projection of the preschool-age population, that uses the smallest demographic unit for which data is available.

(C) Preschool for All program providers, including providers who are not public entities, may lease facilities using Preschool for All funds that they receive pursuant to their program provider agreement with the county.

(12) Ensure that, during the first four years after the effective date of this Act, and after setting aside funds in a facilities reserve account, priority in enrollment shall be given to children who reside within the attendance boundary of elementary schools whose most recent California Academic Performance Index statewide rankings were in deciles one through three, inclusive, and that funding priority shall be given to the highest quality programs that serve those children;

(13) Meet the need for qualified preschool teachers and instructional aides who are trained to meet the developmentally appropriate goals of the children they serve and who are compensated similarly to teachers and instructional aides in the K–12 public school system in that county for training and experience they gain after they have met the standards set by subdivisions (a) and (b) of Section 14111;

(14) Ensure, based on research, that English-language learners meet school readiness goals, including making progress towards learning the English language, by, among other things, providing qualified teachers and instructional aides to accomplish this goal;

(17) Collect and monitor uniform longitudinal data on Preschool for All enrollment, components and quality, and costs and results across the county, including data consistent with statewide evaluation;

(18) Include a schedule for the distribution of the county's Preschool for All funds to Preschool for All program providers in the county based on a tiered payment system that provides an incentive to providers who make progress toward meeting the statewide quality standards and that takes into account other factors relevant to quality and access;

(19) Guarantee that the Preschool for All programs administered by the county superintendent of schools will comply with the requirements of this chapter, regulations adopted pursuant to this chapter, and other laws; and

(20) Include a detailed budget that addresses the county's projected costs, including costs for classroom support, program planning and community outreach, workforce recruitment and training, monitoring, the purchase of equipment, and the construction, renovation, purchase, or lease of facilities.

(c)(1) Each county superintendent of schools shall establish a local Advisory Committee to ensure that parents, preschool administrators, teachers and other staff, other early learning professionals, business

leaders and other preschool advocates have opportunities to advise the assessment, planning and implementation process. The county superintendent shall also consult with local school districts.

(2)(A) Prior to submitting its plan to the Superintendent of Public Instruction pursuant to subdivision (a), each county superintendent of schools shall conduct at least one public hearing to obtain comments from the public.

(B) Prior to submitting its annual report to the Superintendent of Public Instruction pursuant to subdivision (a), each county superintendent of schools shall conduct at least one public hearing to obtain comments from the public.

14121. The Superintendent of Public Instruction shall review the plan and annual report required by Section 14120 and if the plan and report meet the requirements of this Act shall certify the plan's compliance to the Controller. For any fiscal year, the Controller shall not distribute funds from the Preschool for All Fund pursuant to Section 14134 to any county superintendent of schools unless and until the Superintendent of Public Instruction has certified the county plan's compliance for that fiscal year.

14122. (a) If a county is unable to timely comply with subdivision (b) of Section 14110 because the county, as a result of circumstances beyond its control, does not have sufficient facilities, the county superintendent of schools may apply to the Superintendent of Public Instruction for a one-year extension. The application, which shall be made available to the public and posted on the county superintendent of schools' Internet web site, shall identify the steps the county superintendent of schools has taken to comply with subdivision (b) of Section 14110 and the circumstances that caused the need for the extension and shall explain why those circumstances are beyond the county's control. Upon receipt of an application, the Superintendent of Public Instruction shall conduct a public meeting in the county to obtain public comment regarding the county's application. Provided that the county superintendent of schools submits a plan to comply with subsection (b) of Section 14110, the Superintendent of Public Instruction may grant the extension. The Superintendent of Public Instruction's determination regarding the county's application shall be set forth in a public report, which shall be made available to the public and posted on the Superintendent's Internet web site and which shall identify the steps the Superintendent of Public Instruction has taken to avoid the need for an extension. Counties shall be limited to two one-year extensions.

(b) Facilities constructed, acquired, or otherwise financed with Preschool for All funds shall be excluded from the existing school building capacity of a county office of education or school district pursuant to the Leroy F. (2) If the Superintendent of Public Instruction determines that a county superintendent of schools is not adequately providing services required by this chapter, or is not complying with this chapter, with other laws, or with the county's plan, the Superintendent of Public Instruction may temporarily assume control of the county program until such failure is corrected, select and approve program providers, or appoint an alternative local administrator who shall exercise all of the authority and perform all of the responsibilities assigned to the county superintendent of schools pursuant to this Act, subject to the authority of the Superintendent of Public Instruction under this Act.

(3) The Superintendent of Public Instruction shall also have the authority to remove a program provider in any county, if the provider fails to guarantee access, quality, or fiscal accountability, or fails to

The Parental Advocate shall ensure that parents can access the Parental Advocate's services by engaging in outreach appropriate for parents from communities being served. The Parental Advocate shall report to the office of the Superintendent of Public Instruction, who shall allocate funds to the Parental Advocate in each county or region pursuant to Section 14134 based on the population of preschool-eligible children in each county, with a maximum and minimum amount determined by the Superintendent of Public Instruction, to ensure the effectiveness of the Parental Advocate.

14124. (a) Subject to the approval of, and consistent with regulations adopted by, the Superintendent of Public Instruction, each county superintendent of schools shall establish a process, including fiscal audits and programmatic evaluations, for monitoring access, quality, and fiscal accountability by the county's program providers and for imposing timely and effective sanctions, up to and including removing and replacing program providers if the provider fails to guarantee access, quality or fiscal accountability or fails to comply with the requirements of this Act, state standards or any provision of law.

(b) Each county superintendent of schools shall prepare and file with the Superintendent of Public Instruction an annual report regarding the county's progress in serving eligible children in quality Preschool for All programs and satisfying the components of the county's plan, including the enrollment rate of preschool-age children in Preschool for All programs in the county.

(c) The Superintendent of Public Instruction shall review and, if satisfactory, approve the audit and report. If the Superintendent of Public Instruction determines that the audit or report is unsatisfactory, he or she shall return it to the county superintendent for amendment. If, after the county superintendent has had an opportunity to submit an amended audit or report, the Superintendent of Public Instruction determines that the audit or report is unsatisfactory, he or she shall have the right to exercise the authority provided in Section 14123. County superintendents of schools and the Superintendent of Public Instruction shall post the audits and reports required pursuant to this section on their Internet web sites and shall provide copies of the audits and reports to the Preschool for All Accountability Oversight Committee, established in Section 14129.

(3) The status of the Superintendent of Public Instruction's use of

Preschool for All funds for the purposes set forth in subdivision (a) of Section 14134 and Section 14130, showing the total amount allocated and the expenditures made against those allocations.

(b) By July 1, 2012, the Superintendent of Public Instruction shall identify, based on the counties' annual progress report, those counties for which preschool enrollment rates are significantly lower than the state average and shall conduct a programmatic evaluation in each such county to determine whether the county superintendent of schools has complied with the requirements of this Act.

14127. (a) After a period of time sufficient to effectively measure longitudinal results, and as necessary thereafter, the Governor shall engage a qualified neutral evaluator to conduct a statewide fiscal audit and programmatic evaluation of the Preschool for All program. The Governor may also engage a qualified neutral evaluator to conduct a fiscal audit and programmatic evaluation of the Preschool for All program in any county.

(b) A programmatic evaluation conducted pursuant to this section shall include, but shall not be limited to, an assessment of:

(c) Audits and evaluations conducted pursuant to this section shall be reported to the Legislature and the Superintendent of Public Instruction and posted on the Superintendent of Public Instruction's Internet web site and shall be paid for out of the Preschool for All Fund.

14128. The Legislature shall set penalties, including fines, and/or criminal penalties for administrators who willfully misuse funds appropriated and allocated pursuant to Section 4 of Article IX of the California Constitution or who willfully cause the cap on expenditures for administrative purposes set forth in Section 14130 to be exceeded.

14129. (a) The Preschool for All Accountability Oversight Committee is hereby established and shall be chaired by the Controller. The Committee shall, on an annual basis:

Article 6. Funding

14130. No more than six percent of the funds distributed from the Preschool for All Fund may be used for state and county administrative purposes, as determined by the Superintendent of Public Instruction pursuant to subdivision (a) of Section 14116.

14131. Based on the funds received in the Preschool for All Fund between January 1, 2007, and June 15, 2007, the Superintendent of Public Instruction shall determine the amount necessary for the counties to satisfy the planning requirements of Section 14120 and, from that amount, shall authorize the Controller to disburse funds to each county based on the number of preschool-eligible children in the county, with a maximum and minimum amount determined by the Superintendent of Public Instruction.

14132. (a) The Controller shall establish the Preschool for All Reserve Fund in the State Treasury. Moneys in this fund shall be held in trust for the purposes of this Act and may not be used for any purpose other than the purposes specified in this chapter. Moneys in this fund may not be loaned to the state General Fund or to any other fund of the state, to a county general fund or any other county fund, or to any other entity, and may not be borrowed by the Legislature or any other entity, for any purpose other than the purposes authorized by this Act.

(b)(1) During the first 10 years after the effective date of this Act, the Superintendent of Public Instruction shall, on an annual basis, determine the amount of funds necessary to ensure that the Preschool for All Reserve Fund contains, by the end of the 10th year, funds equal to one year's expenses for the Preschool for All Act at full implementation and shall direct the Controller to transfer that amount from the Preschool for All Fund to the Preschool for All Reserve Fund.

(2) Thereafter, the Superintendent of Public Instruction shall, on an annual basis, determine the amount of funds necessary to maintain in the Preschool for All Reserve Fund an amount equal to one year's expenses for the Preschool for All Act at full implementation and shall direct the Controller to transfer that amount from the Preschool for All Fund to the Preschool for All Reserve Fund, except as follows:

(A) In any year in which the balance in the Preschool for All Reserve Fund falls below one year's operating expenses at full implementation as the result of the allocation of funds from the Preschool for All Reserve Fund pursuant to subdivision (c), Preschool for All funds shall not be allocated to the Preschool for All Reserve Fund that year.

(B) Upon the Superintendent of Public Instruction's determination that the circumstances that required the allocation of funds pursuant to subdivision (c) of this section no longer exist, the Superintendent of Public Instruction shall, on an annual basis, determine the amount of funds necessary to ensure that the Preschool for All Reserve Fund contains, as soon as possible, but not later than the end of the eighth year following the determination, funds equal to one year's expenses for the Preschool for All Act at full implementation and shall direct the Controller to transfer that amount from the Preschool for All Fund to the Preschool for All Reserve Fund.

(c) In any year in which the state experiences a decline in the uniform statewide per-child allocation rate pursuant to Section 14134 such that the allocation of funds is insufficient to maintain quality and access for all children, the Superintendent of Public Instruction may, to

further the purposes of this Act, direct the Controller to allocate funds from the Preschool for All Reserve Fund to the Preschool for All Fund.

(d)(1) The Superintendent of Public Instruction shall declare that a Preschool for All funding emergency exists if the balance in the Preschool for All Reserve Fund is projected to fall below 10 percent of the average annual costs of the program, excluding the costs incurred pursuant to subdivision (b) of this section and Section 14134, during the three preceding fiscal years for which data is available.

(2) In the event of a Preschool for All funding emergency, as defined in subparagraph (1), the Legislature may not use General Fund revenues to fund this program; however, the Legislature may, by a vote and with approval by the Governor, for a single year, as permitted by subdivision (a) of Section 4 of Article IX of the California Constitution, institute a parent contribution.

(3) The Superintendent of Public Instruction shall ensure that no child shall be denied access based upon an ability to pay.

14133. (a) Funds appropriated pursuant to Section 8 of Article XVI of the California Constitution and other funds dedicated to school districts and county offices of education other than by this Act shall not be required to fund the programs provided pursuant to the Preschool for All Act.

(b) Nothing in this Act shall be construed to create or imply an obligation to fund, or a right to, transportation or full-day care.

14134. (a)(1) After setting aside the funds allocated to the Preschool for All Reserve Fund, established pursuant to Section 14132, the Superintendent of Public Instruction shall determine the amount of funds necessary to:

(A) Achieve a qualified workforce by establishing a workforce development plan, developing and providing college-level courses and degree programs in early learning, and by establishing a financial aid program pursuant to Section 14113;

(B) Create and implement an early learning credential pursuant to Section 14112;

(C) Ensure that, in each county or region, the Parental Advocate has the funds necessary to carry out his or her responsibilities under subdivision (c) of Section 14123;

(D) Engage in public outreach pursuant to subdivision (b) of Section 14116;

(E) Monitor and audit county programs pursuant to this Act; and

(F) Fund a state-level facilities reserve fund, which is hereby established in the State Treasury, during the first 10 years after the effective date of this Act, in order to ensure that counties comply with subdivision (b) of Section 14110 and to ensure access and quality. The Superintendent of Public Instruction may allocate moneys from this fund, consistent with paragraph (3) of subdivision (c) of Section 14116, to provide additional funding to counties whose per child allocation cannot, consistent with fair access for the county's children, meet the county's facility needs, as demonstrated by the county's plan pursuant to paragraph (11) of subdivision (b) of Section 14120.

(2) Based on the determination required pursuant to paragraph (1), the Superintendent of Public Instruction shall authorize the Controller to disburse funds from the Preschool for All Fund to carry out the purposes of this subdivision.

(b) All other funds shall, on an annual basis, be allocated to a fund established by the Controller for each county based on a uniform statewide per-child allocation rate, established by the Superintendent of Public Instruction, for preschool-eligible children in the county, for the period from July 1, 2006, through July 1, 2016. The Superintendent of Public Instruction shall authorize the Controller to disburse sufficient funds, as determined by the Superintendent of Public Instruction, to each county from that county's account, to make expenditures, as approved in the county's plan, to meet the requirements of this Act by serving enrolled children and by building capacity for eligible children. If a county fails to spend funds according to its approved plan, the Superintendent of Public Instruction may direct the Controller to return those funds to the Preschool for All Fund.

(c) After July 1, 2016, the highest priority for funding shall be to serve children in Preschool for All programs. Therefore, the Controller shall, on an annual basis, allocate funds from the Preschool for All Fund to each county's account based on a uniform statewide per-child allocation

rate, established by the Superintendent of Public Instruction, for children enrolled in Preschool for All programs in that county. The Superintendent of Public Instruction shall authorize the Controller to disburse sufficient funds, as determined by the Superintendent of Public Instruction, to each county from that county's account to make expenditures approved in the county's plan. However, prior to the allocation of funds, the Superintendent of Public Instruction shall first determine, and shall direct the Controller to set aside, the amount of funds necessary to:

- (1) Carry out the purposes of subdivision (a); and
- (2) Ensure that counties whose costs, as approved in the county's plan, exceed their allotment as the result of circumstances beyond the county's control, have the resources necessary to serve enrolled children and to build capacity for eligible children. From this set-aside amount, the Superintendent of Public Instruction may allocate sufficient funds to those counties to make the expenditures approved in their plans.

14135. (a) A county superintendent of schools shall select and approve the providers of the following programs if the providers apply to participate in the county's Preschool for All program and they meet Preschool for All program requirements:

- (1) The federal Head Start program.
- (2) Child Care and Development Services Act (Chapter 2 (commencing with Section 8200) of Part 6) programs, including all of the following:
 - (A) Migrant child care and development programs pursuant to Article 6 (commencing with Section 8230) of Chapter 2 of Part 6;
 - (B) State preschool programs, both part-day and full-day, pursuant to Article 7 (commencing with Section 8235) of Chapter 2 of Part 6;
 - (C) General child care and development programs pursuant to Article 8 (commencing with Section 8240) of Chapter 2 of Part 6;
 - (D) Family child care home education networks pursuant to Article 8.5 (commencing with Section 8245) of Chapter 2 of Part 6;
 - (E) Child care and development services for children with exceptional needs pursuant to Article 9 (commencing with Section 8250) of Chapter 2 of Part 6; and
 - (F) Campus child care programs reimbursed pursuant to Section 8830.

(b) Participating programs shall be entitled to a quality enhancement payment equal to the difference between the per-child amount for Preschool for All program providers in that county for which they would qualify and the average per-child amount of state and federal dollars already received by these programs for that portion of the day for which the program provides an educational component equivalent to the requirements of the Preschool for All Act. State and federal funding for the non-educational components of the program shall not be included in this calculation.

(c) Moneys in the Preschool for All Fund or in any other fund established pursuant to this Act shall not be used to supplant state funds for the Child Care and Development Services Act (Chapter 2 (commencing with Section 8200) of Part 6).

Section 8. Section 17041.1 is added to the Revenue and Taxation Code, to read:

17041.1. For each taxable year beginning on or after January 1, 2007, in addition to any other taxes imposed by this part, an additional tax at the rate of 1.7 percent shall be imposed on that portion of a taxpayer's taxable income in excess of any of the following:

- (a) Four hundred thousand dollars (\$400,000) in the case of an individual who is not a married individual, or a married individual who does not make a single return jointly with his or her spouse;
- (b) Five hundred and forty-four thousand and four hundred and sixty-seven dollars (\$544,467) in the case of a head of household; and
- (c) Eight hundred thousand dollars (\$800,000) in the case of a married couple who make a joint return.
- (d) Notwithstanding Section 13340 of the Government Code, the proceeds of the tax imposed by this section shall be deposited in the Preschool for All Fund and shall be continuously appropriated, without regard to fiscal year, solely for the purposes of the Preschool for All Act.
- (e) Based on the procedures set forth in Section 19602.5, the Franchise Tax Board, in consultation with the Legislative Analyst, shall, by November 15, 2006, establish by regulation a transfer rate and a mechanism for adjustment that permits estimated revenue from the

additional tax imposed by this section to be transferred by the Controller to the Preschool for All Fund on a monthly basis, subject to an adjustment based on the procedures set forth in Section 19602.5 to account for any difference between estimated revenues and actual revenues.

Section 9. Section 19602 of the Revenue and Taxation Code is amended to read:

19602. Except for amounts collected or accrued under Sections 17935, 17941, 17948, 19532, and 19561, and revenues deposited pursuant to Section 19602.5, and revenues collected pursuant to Section 17041.1, all moneys and remittances received by the Franchise Tax Board as amounts imposed under Part 10 (commencing with Section 17001), and related penalties, additions to tax, and interest imposed under this part, shall be deposited, after clearance of remittances, in the State Treasury and credited to the Personal Income Tax Fund.
